

The Blue Lotus Commitment

We are in the business of skin care. Our main goal is to partner with our clients to help you achieve and maintain the most beautiful skin you can have. Using the most current techniques and effective, clinically-based treatments to accomplish that end. We are committed to inspiring confidence by consistently providing the best care, practices, and service possible while creating a wonderful experience in the process that will keep you coming back.

Blue Lotus Clinical Skincare is a recognized, active member of the Associated Skin Care Professionals (ASCP). As a professional member of ASCP, our members have been validated as meeting their state's licensing credentials and/or core training requirements, and agree to follow a code of ethics of treating you responsibly and with the utmost respect.

ASCP also provides comprehensive resources, which allows members to keep abreast with changing trends to ensure clients receive the latest therapies available.

Blue Lotus Clinical Skincare

Blue Lotus Signature Facial \$85

This classic facial will deeply cleanse pores beginning with a corrective steam cleansing followed by a thorough exfoliation of surface dead skin cells, extractions, skin hydrating mask, eye cream, moisturizer and SPF. Also includes relaxing neck and shoulder massage.

RECOMMENDATION: Add Dermaplaning to this service for an enhanced exfoliating treatment.

Skintensive Anti-Aging Facial \$115

A true skin refining treatment effecting change at the cellular level. This customized treatment includes a double skin corrective cleansing to set the foundation for deeper exfoliation and infusion of highly active serums; extractions, hydrating mask, eye cream, nourishing moisturizer and SPF. Also includes relaxing massage sequence of hands, arms, neck and shoulders.

RECOMMENDATION: add a glycolic sugar scrub to soften rough hands.

Acne Clarifying Facial. \$85

Clearer skin is the focus of this facial. Double corrective cleansing followed by thorough skin exfoliation, comedone softening treatment, extractions, *optional high frequency treatment comfortably helps to eliminate bacteria within pores. Skin balancing mask, eye cream and SPF. Also includes relaxing neck and shoulder massage.

Bright-On Facial \$85

A full attack on hyperpigmentation. Non-hydroquinone treatment. Natural brighteners Kojic Acid, Arbutin and Vitamin C help to break up and lift stubborn hyperpigmentation. Corrective steam cleansing, skin brightening exfoliation, extractions, skin brightening mask, eye cream, nourishing moisturizer and skin brightening SPF. Also includes relaxing neck and shoulder massage.

RECOMMENDATION: add vitamin C eye treatment which may help reduce the appearance of dark circles.

Calm Rescue Facial. \$85

Skin soothing yet effective facial designed for Rosacea and sensitive skin. Purifying cleanse, gentle exfoliation, *optional extractions, soothing mask, nourishing moisturizer, eye cream, SPF. Also includes relaxing neck and shoulder massage.

RECOMMENDATION: take home Institute DERMEd Soothing Mask to use weekly at home. Your skin will thank you!

Teen Facial. \$65

Clinical is also comfortable at Blue Lotus. Teens often ask "Will any of this hurt?" The answer is no. This great beginners' facial includes a double corrective cleanse, gentle exfoliation and extractions, nourishing moisturizer and SPF.

RECOMMENDATION: continue those great results by following my easy home care regimen.

Waxing

It's easier than you think to maintain smooth skin. Scheduling appointments at 3-5 week intervals will yield results that keep getting better with each treatment. I use waxes that contain Azulene which comes from the Chamomile plant. Azulene works as a natural anti-inflammatory, which helps reduce irritation and redness during the treatment process. One "dip" per spatula also ensures that your treatment is always performed with clean, uncontaminated wax.

Threading

An ancient hair removal technique that is making a comeback. Using 100% cotton thread to create a coil and gently roll unwanted hair out from the root. This technique allows the creation of beautiful brow arches that complete your most polished look. A great alternative for those who prefer not to use wax.

Tinting

Hit the gym or the beach without worrying about your mascara running! Defining well-groomed brows with subtle color can create a fuller and more youthful look. Deep, dark color makes eyelashes "pop". Results last about 4 weeks.
